Rockwood Windjammer

Thanks to its "V" nose design, every possible space is used for interior room and storage.

The aerodynamic, six-sided vacuum-bonded exteriors can be towed by a wide variety of vehicles on the market. A variety of standards and options gives extensive customization potential for each individual consumer.

Specifications

Model number of any particular unit does not necessarily reflect the overall length of the unit itself. Dry weight are estimates.

Rockwood

Construction

Rockwood takes pride in constructing the very best products possible in each price point in all models. With the Windjammer and Signature Ultra Lite models, attention is paid to every detail in order to achieve excellence.

From the all-steel I-beams to the residential interior amenities to the vacuum-bonded exteriors, Rockwood products are quality-built from the ground-up.

ALKO® AXLES AND EASY LUBE HUBS

- Four wheel independent suspension.
- Lower trailer center of gravity for improved stability.
- No metal to metal contact and no springs, shackles, hangers, or U-bolts to break or wear out.

Glued and screwed wood cabinetry

Aluminum dinette frames for added strength and weight savings

Vacuum-bonded floor with 16" on center aluminum floor joists

Storage Doors with Slam Latches
(Select Locations)

All Steel "I" beam frame construction

Enclosed underbelly protects trailer components as well as increasing aerodynamics

High Gloss fiberglass exterior with deluxe graphics

Wall Strength

Structurally engineered materials makes our vacuum-bonded walls some of the strongest in the industry.

Vacuum-Bonded Laminated Construction

Rockwood is one of the few light weight manufacturers that is a fully 6 sided vacuum-bonded trailer. Our walls, floors, roof, fronts and backs are all built vacuum-bonded to ensure a light weight strong structural trailer.

Roof Construction

Vacuum-bonded roof with 2" radius

Radius roof foam with built in insulated A/C ducts

4.5" thick roof foam

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

YOUR ROCKWOOD DEALER

Rockwood

Warranty

For details on Rockwood's complete warranty program, see your Rockwood dealer. When it comes to backing products with the same quality and commitment it has when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Rockwood. Rockwood offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Twelve-year vinyl roof warranty,
2. Two-year fiberglass warranty,
3. Five-year axle warranty,
4. One-year bumper to bumper,
5. Available second-year warranty.
