

THE VIBE

VIBES

TRAVEL TRAILERS

A division of Forest River Inc.,
a Berkshire Hathaway company

Vibe approaches light weight travel trailer design in a revolutionary way. It's affordable but fully featured to deliver everything you'd expect in an RV, without sacrifice, at a weight and price you'll appreciate. Vibe's V-Design innovative floorplans cut through air for better fuel economy and a more stable towing experience vs a flat-front trailer.

Well equipped bathrooms, full-height floor plans, queen pillow top mattresses, a convection microwave, a stereo with indoor and outdoor speakers and an awning are all standard.

Forest River strives to be kind to the environment. Our production facilities maximize the use of material to minimize waste for more efficiency. We use renewable and recycled materials whenever possible.

6501 *The V-Design dinette offers a comfortable place to rest and relax. Because of this unique V shape, you don't have to bend over to get into the dinette. Enjoy the view through the large front windows. The booth dinette folds down into a bed when extra sleeping space is needed.*

The Vibe 6500 Series is designed to be towed by today's minivans and small SUVs, but is easily towed by large SUVs and trucks too.

6500 Series

6504 This is the most versatile dinette available. When the upper bunk is not in use, it's a 95" long booth dinette where the whole family can comfortably enjoy a meal. Bedtime? The booth dinette quickly folds down into a sleeping area for four with a single upper bunk and a double bed below, plus an extra long dinette bed. All have a great view of the optional TV. The main bedroom features a queen pillow top mattress (not shown).

6501 This full bathroom features a separate neo-angle shower and porcelain pedal flush toilet. The vanity has a mirrored medicine cabinet.

6501/6503 Both feature up to 70 cubic feet of full pass-through storage with oversize doors that are the same size on both sides for easy access. A standard spare tire mounts securely inside. Gone fishing? The Vibe comes standard with a handy fishing rod holder.

6501 This entertainment center has built-in speakers and storage for DVDs and CDs. It also features a 110V outlet to charge a cell phone. A unique flip-up step provides additional access to the storage compartment, that's great for hauling oversized items like skis, kayaks, ladders, etc.

V-DESIGN VS. FLAT FRONT TRAILERS

The unique V-Design maximizes headroom and storage room.

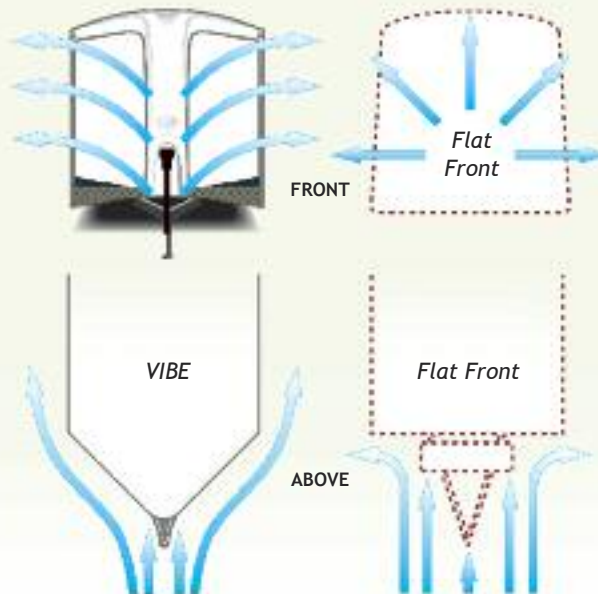

GET THE VIBE ADVANTAGE

MORE USABLE SPACE - BETTER AERODYNAMICS

The V-Design shape creates 75 cu. ft. of extra interior space for larger bathrooms, bedrooms and kitchens with full interior height at the front end of the trailer. The "V" design cuts through wind, improving aerodynamics for better fuel efficiency. LP bottles and batteries are safely enclosed. Air flow around the front end deflects bugs and debris, keeping the unit clean and improves towability.

The sleek Vibe exterior features high gloss gel coat sidewalls and roof with lightweight, fully laminated walls and floor, plus aluminum wheels.

V-Design directs air flow around the sides of the trailer. Air impacts and scatters around and above flat front trailers.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
